Patient Testimonial

Mr. Juan Campos visited Moorfields Eye Hospital Dubai for his regular general eye checkup and consulted with Dr. Luisa, Specialist Ophthalmologist in Medical Retina. During the consultation, Dr. Luisa incidentally discovered something that may be alarming in his optic nerve that could lead to loss of vision in the future.

Alarmed with the potential unfavourable finding, Dr. Luisa instantly requested our glaucoma specialist, Dr. Sohaib Mustafa to examine Mr. Juan. Together, they were able to reveal that Mr. Juan in fact has a condition that would require treatment to prevent loss of vision.
