For pediatrics, Ob-GYN, Family Medicine, psychotherapy, speech therapy, you can consult with one of the specialists from the French Clinic through video consultation service, by calling +971 4 429 8450, WhatsApp +971 50 657 0720 or email reception@frenchclinic.com www.frenchclinic.com.

How effective is an eye exam via video consultation?

DR. AMMAR SAFAR
MEDICAL DIRECTOR

Watch this video by our Medical Director, Dr. Ammar Safar, answer the question about how effective an eye exam through video consultation is.

World Health Day is a day to celebrate the hard work of all of the doctors, nurses & allied health personnel around the world who play a critical role in keeping the world healthy.

Moorfields Dubai extends a huge thank you to all of the healthcare professionals worldwide, on this day, and every day, especially to those that are working around the clock to help keep us healthy and protected.

Everything you need to know about Diabetic Retinopathy

In this article Dr. Luisa M. Sastre, Specialist Ophthalmologist in Medical Retina and Cataract Surgery explains that problems with your eyesight could be linked to diabetes.

Sudden fluctuations in eyesight including blurred vision, double vision, and the appearance of floaters in the eye could go unnoticed as people maneuver complicated and unpredictable lifestyles. However, these minor ailments could be a sign of a more serious underlying disease. These symptoms are some of the key indicators of diabetic retinopathy, one of the leading causes of preventable blindness in the world.
